Product and growth leader with 12+ years of experience and a proven track record of owning end-to-end product development and scaling. Proven track record in portfolio strategy, roadmap ownership, monetization, and cross-functional delivery, shipping AI-driven products that drive measurable business results and growth

WORK EXPERIENCE

McKinsey & Company

2019 – Current

Principal Product Manager II / Senior Engagement Manager

Bay Area, CA

Lead flagship agentic AI platform deployment at McKinsey

- Define product strategy, roadmap, and enterprise rollout for McKinsey's flagship agentic AI platform, transforming workflows across ~40,000 users leveraging Gemini Enterprise and Vertex AI
- Lead a 14-person cross-functional team across engineering, data science, and design to discover, build, pilot, and scale new Agentic products across horizontal and vertical use cases

Built and launched a new agentic product for a healthcare SW company

- Led development and deployment of an AI agent platform on GCP for inpatient transfers, automating data intake from calls and driving a 25% productivity uplift for transfer agents while improving patient data quality
- Delivered a production-grade agentic product and defined the commercial model for market launch, including product packaging, pricing architecture, discounting logic, and monetization guardrails

Led McKinsey - Google Cloud Alliance focused on agentic product incubation

- Led a joint product and client development initiative with Google Cloud, leveraging Vertex AI capabilities to define new agentic use cases across enterprise workflows
- Drove customer discovery with Google Cloud account teams, identifying ~50 agentic opportunities for priority clients with \$80M+ in projected value from productivity gains and AI-enabled decision-making

Led pricing and packaging redesign for an ERP vendor

- Defined product strategy and commercial packaging for a \$1B+ ERP player across its Manufacturing, Distribution, and Building Supply portfolio (different technology stacks) with \$65-125M projected steady-state ARR uplift
- Rolled out new packaging architecture including a Core ERP offering with agentic AI capabilities + 3-4 buying-center-aligned bundles per platform, creating clear upsell paths and stronger product differentiation
- Developed a new hybrid pricing model combining a subscription-based core (with a new pricing meter) and consumption-based AI products, balancing customer WTP, competitive positioning, and scalability

Drove portfolio pricing, packaging, and AI roadmap changes for an EHR vendor

- Owned portfolio-level pricing, packaging and AI product strategy for an \$800M+ EHR vendor, focusing on developing new agentic AI products and replacing white-labeled 3rd party solutions
- Introduced 3 new market-aligned "good/better/best" packages with a clear upsell path and product differentiation across main offering categories (EHR, Practice Management, and Patient Engagement)
- Established new tiered price levels across the full product portfolio and developed supporting enablement materials, including margin-based pricing and discounting calculators, value proposition pitches, and Q&A guides

Bain & Company

2017 – 2019

Associate Consultant

Moscow, Russia

- Led workstreams on multiple projects in Airline sector, including route network design and fleet strategy for a new regional airline launch, and optimization of flight operations for a leading Russian air carrier

New Law Centre LLC (*family business*)

2014 – 2017

Senior Lawyer

Moscow, Russia

- Began career as a corporate litigation lawyer and later built a new corporate bankruptcy practice within the business, leading a 5-lawyer team, acquiring 30+ clients, and generating ~\$1M in revenue growth

EDUCATION

INSEAD

2021 – 2022

Master of Business Administration (*with exchange at Wharton School - UPenn*)

Singapore / France / US

- Won the Wharton Innovation Competition (100+ participants) with a new social networking app concept and subsequently solo developed and launched the app in App Store and Google Play within 3 months

Kutafin Moscow State Law University

2012 – 2016

Bachelor of Civil Law

Moscow, Russia

National University of Science and Technology

2009 – 2014

Specialist (BS/MS) of Economics and Industrial Management

Moscow, Russia
